

YARD AND GARDEN DRILLS:

FREE FRIDAY TRAINING EXERCISE

To celebrate the return of 4 Jumps 1 Tunnel in print

**4 JUMPS
1 TUNNEL EDITION**

Back by popular request.

Originally released in 2020, *Yard & Garden Drills: 4 Jumps 1 Tunnel Edition* became one of our most popular small-space training books.

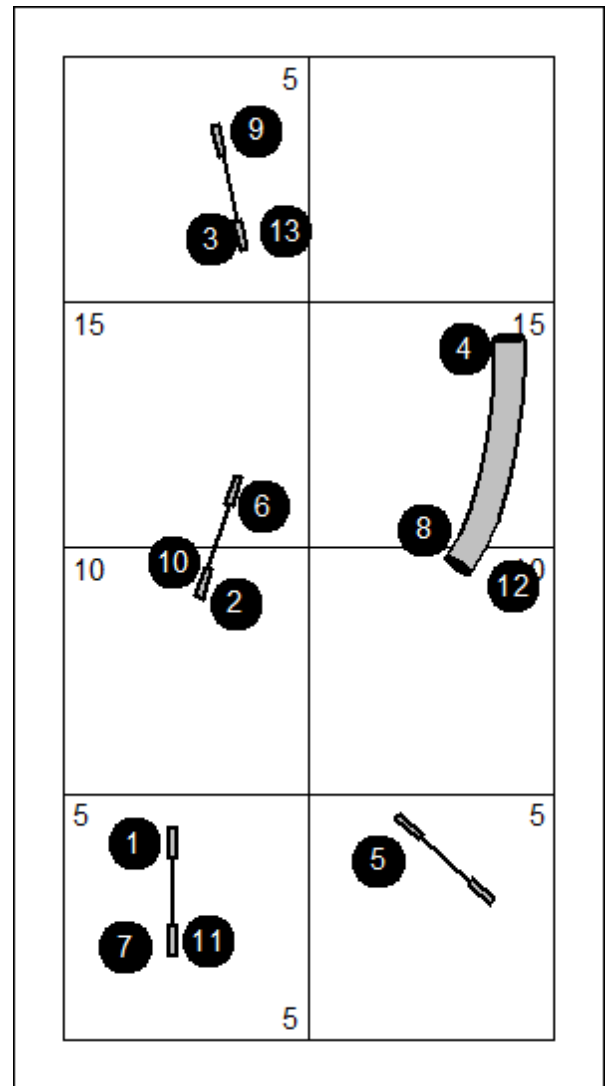

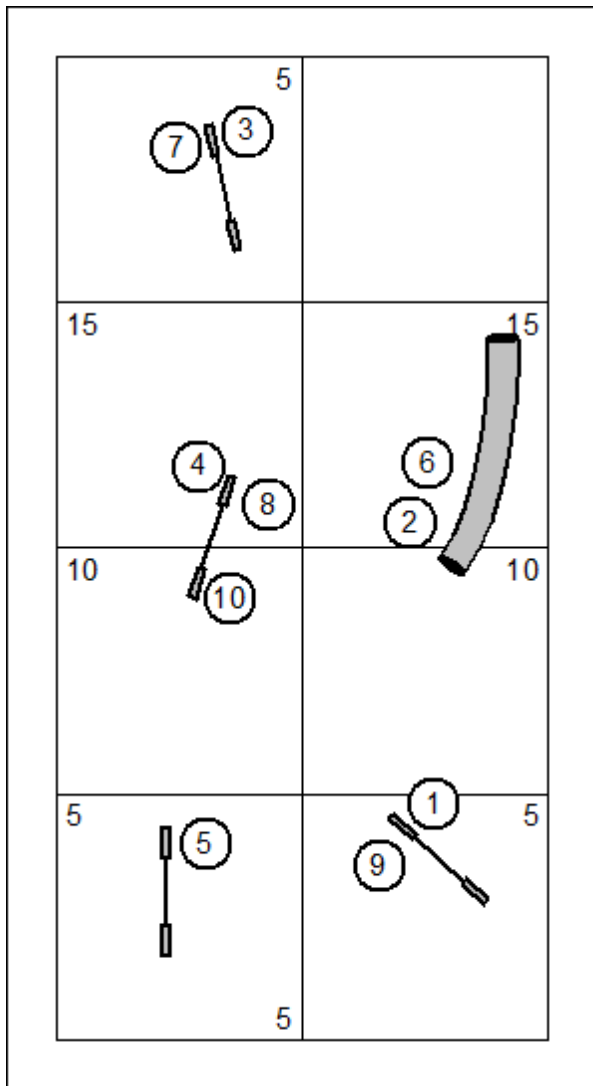

To celebrate the return of the physical printed edition, here's a free drill in the original Yard & Garden style.

All you need: 4 jumps + 1 tunnel.

Set it quickly in your small space at home. Train both sequences and compare your handling choices and your dog's skills.

YARD & GARDEN DRILLS

Yard & Garden Skill Drill

White numbers: Start with a tight wrap into the tunnel, then send to #3. Practise the blind cross either before or after #4, keep the turn tight at #5, and then work the backside slice into the threadle slice at #8. Stay connected on the run to #9 and avoid the tempting off-course jump #5.

Black numbers: Begin with a recall over #1, using your chest to show the line to #2 before sending to #3 and moving away through the tunnel. At #5, compare a threadle wrap with a blind cross into a backside wrap. Control the long 180° turn from #6–#7, then drive through the tunnel and finish with the threadle slice at #11. Try both turn directions at #11 and see which is quicker.

KEEP TRAINING AT HOME

The **Yard & Garden Drills** collection is designed for practical agility training in smaller spaces, with simple setups, clear training goals and plenty of ideas to keep your sessions varied.

Available as **physical printed books** and **instant digital downloads**.

Perfect for training at home, in the garden, or anywhere space and equipment are limited.
